About Me

A dedicated and goal oriented individual with a keen interest in software engineer technologies and possessing excellent communication, problem solving skills seeking to secure the position of challenge & responsibility while contributing in key projects.

Education

Chitkara University

Master of Computer Applications (MCA)

- CGPA Obtained : 7.91

2022 – 2024

Punjab, India.

Gandhi Memorial National College

Bachelore of Science (CS)

- Percentage Obtained : 68.5%

2017 – 2020

Ambala Cantt, India.

Internship

Techlive Solutions

Frontend Developer Intern (Industrial Training)

- Assisted in the development of frontend of websites using HTML, CSS, JavaScript, & React.js library.
- Worked with MySQL to manage user input data.
- Developed and executed test plans and test cases to ensure software quality and functionality.
- Collaborated with team members using version control systems such as Git.

Jan 2024 – June 2024

Mohali, India.

Projects

Movie Recommender App | React.Js

- Designed and developed a responsive movie recommendation app using React.js with a user-friendly interface for seamless movie discovery.
- Integrated The Movie Database (TMDb) API to dynamically fetch and display real-time movie data.
- Managed state efficiently using React Hooks and Context API to handle user interactions and global app state.
- Implemented features such as search, pagination, and detailed movie views using React Router.
- Performed end-to-end testing to verify user workflows and data integrity.
- Wrote and executed manual test cases to ensure feature correctness and usability across devices and browsers.
- Validated API responses, handled edge cases, and reported UI/UX bugs to maintain a seamless user experience.

Personal Portfolio Website | React.Js

- Designed and deployed a fully responsive portfolio site to showcase personal projects and skills.
- Developed reusable UI components with smooth transitions and animations.
- Conducted functional and regression testing to ensure the reliability of core site features.
- Performed cross-browser and device compatibility testing to ensure consistent performance.
- Validated form inputs and UI responsiveness to enhance user interaction quality.

Ecommerce Website | Next.Js

- Built a responsive ecommerce app with Next.js frontend and Wix backend for product, cart, and order management.
- Integrated Wix APIs for authentication, checkout, and catalog handling.
- Implemented reusable UI components and ensured cross-device compatibility.

Technical Skills

• Languages:

- **Frontend:** JavaScript, React.js, Next.js
- **Backend:** Java

• Concepts: OOP, SDLC/STLC, Agile/Scrum.

• Testing: Manual/Automation Testing Techniques, Smoke/Sanity/Regression Testing, API Testing, Bug Reporting & Life Cycle.

• Database: MySQL.

• Web Services: RESTful Web Services.

• VCS: GitHub.
